many departments have active

Bank/CPE of UGC etc.

Examination and Evaluation	associations which conduct programs (seminar, presentations etc.) on weekly basis. Many programs (additional practical, demonstration experiments, Science Mela, student projects, workshops) were organized using College trust funds to enhance UG teaching. Examination committee conducts the exams efficiently and ensures the smooth and fair conduct of exams. Question Papers (Internal) are checked by the Heads of the department for 100% inclusion of the syllabus and proper Weightage is assigned to the topic It has been advised by the management that				
	the staff be present during the conduct of their Paper during the External university examinations.				
Research and Development	UG students are encouraged to taste the research flavour at department level as operational research in the corporate secretary ship department and as assignments in other departments Research based Seminar and Conference are organized by the college.				
Vie	ew File				
14. Whether AQAR was placed before statutory body ?	No				
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No				
16. Whether institutional data submitted to AISHE:	Yes				
Year of Submission	2020				
Date of Submission	02-Jan-2020				
17. Does the Institution have Management Information System ?	Yes				
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	Proper education planning requires qualitative quantitative information. List of modules currently operational in the management information system are: • Student admission details category/caste wise/ course and combination wise in the college. • Student result details Combination wise, year wise. • Faculty and Staff				

information personal service, academic related information • Workload details of the individual and particular subject . • Class work management - the details of the faculty who have not engaged classes as per timetable with reasons , If any • Information on special classes conducted by faculty. All Fees are paid online in the bank. Likewise fees for University Examination and Add on courses are also remitted online. SMS through notification gateway is sent to parents regarding low attendance and academic performance etc. (Fullfledged in the Self finance stream and yet to be implemented in the aided stream.) Students have been asked to evaluate teachers and outcomes are evaluated, analyzed and computed.(A recent Initiative)

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Revision and up-gradation of the syllabi can done only at the University level for affiliated colleges. The college has an effective documentation in its curriculum delivery. At the commencement of each academic year, every faculty member of the department is provided with individual time plans and reading lists for each course. These course or program plan is informed to the students in the classrooms. These time plans explicitly informs of what portion of the curriculum will be delivered within the given stipulated time of frame. These time plans are also preserved each year as documentation. Besides, traditional lectures and seminars, infrastructure for the use of ICT in classrooms, like power point presentations and audio-visual support are all available to make the delivery of the curriculum interesting for the students. In the English department bridge courses or supplementary courses are held in order to make the curriculum delivery more holistic and effective. Tutorials are held and participative learning is encouraged. Internal assessment is done transparently with examined scripts shown to students. Inter-personal skills are enhanced through Value Education. Proper planning, developing, checking and analysing process is followed for the effective implementation of the curriculum and efficacious content delivery. Many faculty members of the institute actively participate in the syllabus revision in Board meetings held at the University level. A feedback mechanism is adopted to solicit constructive inputs from the stake holders, helping to enrich the content delivery. The student-centric methods adopted in teaching learning process, boosts interactive, participative and experimental learning, coupled with co-curricular and extracurricular activities. The students for internship/project program, get an opportunity to interact with industry personnel's and learn the application of their knowledge gained during college studies. It also helps them to develop corporate ethics to get fused into the industrial environment. Expert lectures, Workshops, Industrial Visits, study tour, class seminars and discussion are regularly

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

University of Madras has prescribed guidelines is conducting the examinations smoothly. To attain efficacy the Chief Superintendent would be the principal and with its members for conducting the Examinations. They take and make policy decisions in regard to organizing examinations, improving the systems of examinations, centralized Continuous Internal Evaluation (CIE) System to assess student's development in both the semesters. The college in turn instructs the Heads on the conduction of the CIE and its evaluation process. Exam department inform to students the examination pattern, schedule and regulations in the Academic Calendar with CIA Exam dates. The schedule is also displayed in the Department Notice Board. Result Analysis is done by the subject handler after CIA Test. The Principal conducts department wise Review Meetings to give necessary feedback for the improvement of students' performance. Whenever necessary, the class in charge shall recommend the visit of the parent to the college for discussion about their wards. Remedial Classes are conducted for the slow learners and absentees based on their performance in the internal tests. Assessments of group discussions, seminars, assignments and periodically held through written tests to know the performance of the students and to take remedial measure, if needed. Supplementary or re - examinations are conducted for the long absentees based on the recommendation given by their respective

heads. .

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic calendar is issued in the beginning of each year and it instills inquisitiveness amidst staff and students. It also list outs the public and the national holidays under NI Act .The calendar expatiates the norms prescribed by the University of Madras - Examination pattern , Rules and Regulations regarding attendance ,division of marks given for the internal exams the dates of internal exam. Besides it also mentions the reopening and closing date of each semester (Even Odd).The calendar gives copious details about the name of the staff in each department and the active committees present during the academic year.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurredon maintenance of physical facilites
35	35.07	65	64.32

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The College ensures the availability of latest equipment and up-to-date infrastructure in the institution. There is a systematic procedure for the purchase as well as maintenance of these infrastructural facilities including all sorts of equipment. First the proposal is submitted to the principal by the heads of the departments. The office superintendent, based on the permission given by the principal forwards it for evaluation which is normally done by the Secretary of the college .It must get the approval in the college committee and then quotations are invited. After the approval of the management the required item is purchased and entered in the stock register. At the end of each financial year, stock verification is done by the college committee. The same process is done for repair and work efficiency. The internal audit is finally placed before the Trust committee and eventually gets approved from an external auditor- Mr.Sundar and Chartered Accountants. Besides, the college has an occasional external audit done by the Joint Directorate of collegiate Education, Tamilnadu. The College management has appointed an estate officer to regularly monitor and supervise the available infrastructure to ensure its upkeep, repair and other maintenances involved. We also have Assistant and Associate Professors as in charges of Computer Centre, Library, Laboratory and lab assistants who look after the maintenance of their respective labs. We have Central Library along with Departmental libraries. Central library is regularly monitored and the condition of the library stock, maintenance of rare books, collection, issue and maintenance of the books is maintained in the register formats. Library cards are issued to the students. Librarians of both the aided and self-finance monitor all the purchase and issuance of books to the Departments. Department Libraries are totally under the direct supervision of the respective Heads of Department. The College also conducts academic audit by the respective heads and then it's submitted to the principal. Based on the result analysis and reasoned out output, students from the downtrodden sect receive freebies in the form of textbooks for their respective semesters. The required fund is also presented to the management as a prerequisite for the improving of results. The Sports department is very active and encourages students to participate in various sports activities, along with training and coordinating various sports activities in the college. The physical director maintains records of the stock, funds, and maintenance register, and inventory and activity reports. We have men from security agency for round the clock security of the infrastructure of the college. Day to day maintenance is ensured by the 18 support staff for the cleanliness, hygiene and sanitation. The equipment like generators, water motor pumps, water purifiers and water coolers, computers and its related peripherals are also taken care of either by AMC or by time to time inspection.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Departmental activities (as Class representatives), and Student Committees for Co-Curricular activities (NCC, NSS, Sports Associations) is in practice. Class Representatives for every Department Two student representatives (a girl and a boy preferred) from first, second, third Year from each department are formed in the class. A meeting is conducted during the commencement of every semester to make a decision on the various departmental activities. Role Decides on seminars, class tests, Discipline Decorum of the class etc. for each semester. Class representatives from each class along with the faculties handling the subjects play a major role in the improvement of academic outcomes. Class representatives are also asked to form buddy system to have productiveness -Advanced learners: Slow learners (1:4) Head of the Department will be solely responsible in handling the day to day affairs. Sports Committee For coordinating the Sports Events One student representative from final year from each department, is selected as Sports Head. These students form this committee. These students are responsible for coordinating Sports day celebrations Sports Activities. (Intramural, Inter collegiate, University level, State level) They are also responsible to co-ordinate with the game events organised for both the Teaching and Non-Teaching staff in association with Physical Director of the college. Role The Director of Physical education will collect the suggestions on the common sports events from their department sports representatives. The Director of Physical education finalizes the events based on the funds available.

5.4 – Alumni Engagement

5.4.1 - Whether the institution has registered Alumni Association?

No

5.4.2 – No. of enrolled Alumni:

5.4.3 - Alumni contribution during the year (in Rupees) :

5.4.4 - Meetings/activities organized by Alumni Association :

0

0

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The management authorities regularly undertake the review of working of the college in its Board meeting and College committee meeting. The Necessary guidance and directives are issued through these meetings. Periodical reviews are undertaken by the management. There is a good support from the management relating to the implementation of the objectives specially designed to attain quality teaching and learning aspects of the college. The concentration is given on the regular lectures conducted by the staff, timely completion of the syllabus, guidance for better performance in the examination and providing best possible teaching learning environment. This is attained by regular meetings of department, of the staff member conducted by the principal from time to time. The staff receives motivation and support for all the activities from the management. The participation of students in Sports, NSS, NCC, extracurricular activities is encouraged in order to attain overall development of students. PG students of commerce also prepare projects and the faculty members of these departments assist and guide the students in undertaking the research work. The students are promoted to actively participate in Inter collegiate competitions. The college plans for all such implementations through all its academic calendars and the regular feedback from the students and the staff members also. Thus the role of management is very positive and the aim of providing best possible education for attaining academic excellence within the given limitations is note worthy.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

	Strategy Type	Details
In	Library, ICT and Physical Erastructure / Instrumentation	Our college library has sufficient number of books and journals. The library maintains separate books and journals to cater towards research activities for research scholars. In addition the library has a range of videos, DVDs CD-roms, online databases and electronic resources including e- journals, Online reading list facilitates access to key reading in digital format. Books that include are UGC, NET, SLET, UPSC, etc. These books are used by both the faculty and the students for programmes organized by UGC. In addition to that our college Secretary has introduced Book bank facility to poor students (900)from the academic year 2015-16 and every year students are issued textbooks for all subjects worth of 2 lakhs. We have indoor auditorium, new library, additional floors in the MBA block and compound wall for girl's hostel etc
	Research and Development	Research and development is an

I

	<pre>important tool to develop idea and convert ideas into products or strategies for development. The college also offers full time M.phil part time Ph.D programme in the Department of Commerce and Department of Mathematics. Annually in Commerce 6 students are admitted and 8 students in Mathematics Department. At present Economics Department also offers part-timePh.D to research scholars. In the year 2017-18, 1 Ph.D was awarded in the Department of Mathematics.</pre>
Examination and Evaluation	Examination committee conducts the exams efficiently and ensures the smooth and fair conduct of exams. Question Papers (Internal) are checked by the Heads of the department for 100 inclusion of the syllabus and proper Weightage assigned to the topic It has been advised by the management that the staff be present during the conduct of their Paper during the External university examinations. Result committee looks after processing of the result and correctness (Internal) so that it is declared on time. The result analysis based on the University external examination is made available to the Principal management for further needful follow up.
Teaching and Learning	Learning experiences are enhanced by use of ICT tools. To strengthen overall teaching learning many departments have active associations which conduct programs (seminar, presentations etc.) on weekly basis. E-database and free internet facility in the Library. Special coaching for slow learners (Remedial course) and advanced learners credit to cater to their separate needs. Regular visits (Industry, Research institutes etc.) are arranged for students to give first-hand experience of industrial needs, technologies and advancements. Many programs (additional practical, demonstration experiments, Science Mela, student projects, workshops) were organized using College trust funds to enhance UG teaching.
Curriculum Development	Teachers are motivated to participate in curriculum framing exercise by being part of BOS and syllabus committee members. Teachers share their views on the curriculum on regular basis to the students Curriculum is designed by

 1 1 1
University. Its implementation is in
our hands. Hence to give rich
experience to students various methods
are adopted like shaping curriculum
through co-curricular activities of
department association which conduct
programs, conduct of add-on courses and
certificate courses, Industrial visits,
guest lectures, and research
initiatives. For overall development
there are other avenues and academic
programs conducted by the college such
as women development program, extension
program, NSS, NCC, Outreach activities
and academic festivals. Certificate,
Short term and value added courses are
designed by faculty

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	E-governance system at the College level paves way for transparency and accuracy. Even though the college is in the developing status the college tries it level best to keep abreast with latest tools available. The e - governance development software (Dolphin) helps the college to maintain records of student staff and all other financial details. Usage of Smartphone with inbuilt social app like Gmail and WhatsApp helps for sharing of information and lecture notes to students. The Self finance stream of the college is following Biometric system for the attendance of teaching and non-teaching staff. The college campus is equipped with CCTV Cameras at very place of need.
Finance and Accounts	The college uses dolphin software for E governance in the Finance and Accounts department of the college. This helps to increase the efficiency of staff towards the accuracy in financial transactions. The college conducts regular audit of annual books of accounts is done both by college and the Trust committee. The administrative office keeps the all financial records separately as per the events and transactions. The administrative office maintains the financial records year wise in the form of excel and words which paves way for the paperless office.
Student Admission and Support	The college has an admission system which allows the student to take

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

Internal Audit: The internal audit is conducted annually by an approved auditor (Sundar and Company) appointed by the Management who check the receipts/payments of all college accounts. They submit audited statement of income and expenditure to the management for consideration and approval in the Board Meeting. External Audit: The office of the Joint Director, Collegiate Education Tamilnadu, the Accountant General Office, Chennai, is empowered to

conduct statutory audit in the college. The Last external financial audit of the utilization of funds was done by the government auditors.

6.4.2 - Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III) Name of the non government Funds/ Grnats received in Rs. Purpose funding agencies /individuals NA 0 NA No file uploaded. 6.4.3 – Total corpus fund generated 0 6.5 – Internal Quality Assurance System 6.5.1 - Whether Academic and Administrative Audit (AAA) has been done? Audit Type External Internal Yes/No Yes/No Authority Agency Academic No No Administrative No No 6.5.2 – Activities and support from the Parent – Teacher Association (at least three) Parent teachers meeting was done as just a verbal interaction during all the previous years. Under the auspices of IQAC, it has shown a marginal response in the visit of parents to the college through parents teachers meeting. Based on the performance of the students in the internal assessment, attendance in their classes, laboratory hours and the university examination, the parents are called for the meeting to meet the respective class in- charge . Records are maintained and sent for scrutinisation to the head of the Department. He / She in turn instructs the class in-charge to call their parents on a particular day. They are provided with suggestive measures towards improvement and need for a progression of their wards. 6.5.3 – Development programmes for support staff (at least three) 1. College promotes the non teaching staff to pursue higher education through distance education. 2. Computer awareness courses are being promoted. 3. Courses on Accounts such as Tally is introduced to them. 6.5.4 - Post Accreditation initiative(s) (mention at least three) 1.Herbal garden The go green and eco centric living of the modern world has also given way for the culturing of an herbal garden. The herbal garden is created amidst the buildings which gives a sense of relaxation. Though the college is situated amidst a sylvan serene atmosphere where even a disturbed mind can go for rest (forest), the need to grow herbs and alleviate the use of allopathic is in the back drop. Herbs such as Hibiscus, Thulasi, basil, ponnankanni, karpooravalli, murungai, pirandai etc. This garden is maintained by a separate gardener appointed by the management. The environ club through the guidance of the Botany head have brought and planted saplings of a greater value from both private and governmentnurseries. 2. Counselling The counselling for the deprived, affected and misfits have been taken up by the college

through three different cells. They are the women grievance redressal cell, women students in charge cell and a ragging redressal committee. These cells call for trained counsellors to give counselling and sensitize the gender equations. The counselors are doctors, psychologists and persons from the women emancipation forum. The boys are guided, goaded and molded for the society

through the disciplinary committee, heads of the major department, and the principal. The IQAC has given necessary instructions to Heads, student counselling committee, placement cell and women counselling cell to look after their respective allotted work and submit quarterly reports for further suggestion. The guidance cell comprises of a resource from the psychology department with two management authorites and the class in-charge Department heads have been monitoring the progression of the students through internal and class tests. Poor performers were made to study more through remedial classes and parents are informed about their progression. Late comers and long absentees have been informed to bring their parents in person. On arrival if family predicaments found, it's asked to be sought out. But academic and discipline wise necessary precautionary actions are taken. Any student who is identified to be disturbed in his/her academics both psychologically and economically is assisted. Besides, economically poor students are assisted by the staff in the form of paying exam fees, hostel fees etc. 3. Computer Knowledge The role of computers and its modern day use is stressed upon to the students. Despite the lap tops as freebies from the state government, the college has opted for a syllabus on computing skills as an elective paper.A computer center with 25 computers, network facility and 10 KV separate UPS are bought for the utilization of students on computing skills. An estimated amount of nine lakhs was from the UGC and the management to meet out the installation and maintenance charges generously granted rest of the four lakhs. A high profile Computer Lab with 100 Computers, Network facilities and 40 KVA Separate uninterrupted Power System.

6.5.5 – Internal Quality Assurance System Details

a) Submission of Data for AISHE portal	Yes
b)Participation in NIRF	No
c)ISO certification	No
d)NBA or any other quality audit	No

6.5.6 - Number of Quality Initiatives undertaken during the year

			Female	Male		
No Data Entered/Not Applicable !!!						

7.1.2 – Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

Percentage of power requirement of the University met by the renewable energy sources

Initiatives taken by the institution to make the campus eco-friendly The following are the initiatives undertaken by the institutions to make the campus eco-friendly: ? Solar lamp posts are erected to light the campus during night, it is an automated project. ? RO water supply with capacity 400 Litres per Hour (pure and safe). ? Herbal garden, check dam, tree conservation projects are underway. ? Natural surrounding is a blessing to college. It is located on the foothill of a hillock and engulfed by reserve forest. ? Horticulture, gardening with flowers, preserving and removing the shrubs periodically are in the highlights. ? Pollution free ambience and effluent treatment plants have found its way in the campus. ? Solar UPS of 5 kilowatt Ampere in office room.

College 6th Coy, 1TN BN NCC NSS S.I.V.E.Trust ANO 29 77 100 Rally against Pollution and Food Wastage 6th Coy, 1 TN BN NCC S.I.V.E.T. College ANO 2 50 Problems faced by NCC: 1. Most of the X Box generation feels that its just a waste of time and with pressing curriculum and administrative difficulties it's hard to spare time for it. 2. The younger generation is certainly more tech savvy. 3. They don't wish for a rigorous physical as well as disciplined practice 4. Many lack focus and commitment, and are made to incline towards Academics. 5. Most are indifferent towards social or community causes and issues. Motivating youth to become engines of change is a challenge. NATIONAL SERVICE SCHEME: The Practice: The College inspires students for becoming aware of the very concept of "community services" theoretically and motivate them towards bringing them into practice. Activities like the Rally on Aids awareness and the seminar-talks on, AIDS awareness Programme, Cancer Awareness Programme, Tobacco Control Programme etc. are in keeping with the interests of the community at large. Theoretical awareness is a prelude to practical field based works. The Blood-Donation Camps organized every year by NCC and NSS see a good many number of students volunteering. Conferences and talks on social issues also have strong roles to enhance community interests. Some of the very inspiring Community Services rendered by the Students are: (a) CampusCleaning operations (b) Assistance given by the students at flood-affected areas. (d) Role played by the students to help the residents of the camp adopted villages, particularly in cleaning and desilting of nearby lakes for future irrigational purposes. Evidence of Success: TITLE OF THE ACTIVITIES ORGANISING UNIT/AGENCY/ COLLAGORATING AGENCY NUMBER OF TEACHERS CO-ORDINATED IN SUCH AVTIVITIES NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITIES Blood donation Camp Rotary club of Madras Pallava 30 200 Oratorical, Essay writing and poetry writing competitions MUGAVARI School of optometry and Vision care centre, Medavakkam, Chennai -100 200 World Marsh land Elocution Competition Forest Department Pallikaranai 1 50 Two - day workshop in Peace Education and leadership training programme Gandhi Peace foundations , chennai and Rajiv Gandhi National Institute of Youth Development 5 20 Special camp NSS -University of Madras 3 150 Enviro club world forest day UGC 5 300 Citizen Consumer Club seminar on Human rights UGC 5

300 Problems Encountered and Resources Required: 1. Due to the newly introduced CBCS pattern in University curriculum, there is a huge academic pressure which students need to shoulder within a very short time-span. Thus, keeping proper motivation for services beyond the curriculum is often challenging task. 2.

Involvement of teachers in enhancing the spirit of community work is not encouraged. SOSFTS (SO)ARING (F)rom (S)hy (T)o (S)ky Objective: In accordance to the UNESCO's motto "Her education, Our Future" The first and foremost point for the Women Force to be highly operative and effective is through the field of Education and thereby improving the Human Resource of a country. Education serves as a platform to communities to turn around their lives. If any member

of a family is educated, especially women, it can help coming generations to break the inter-generational cycles of poverty. It's the women force which binds together for a round character. The college ensures that young women benefit from a full cycle of quality education with relevant knowledge and skills. It aims to support young women in their transitions into adulthood and the labour market, and to fully participate in society. It also provides facilities in increasing the gender sensitivity by providing facilities to them. The objective has got fruition by the gradual increase in number of women students getting admitted. First generation women learners and single parent brought up women students find the college to be a place to be haven in the development of their self, socio-economic background, educational success and financial fulfillment. Evidence of Success: • Women students have secured university ranks. • Many women students have gone to pursue their higher education or more to stress is the to the field of Law. • Women students have been encouraged to remove the gender fear and be treated at par with the opposite sex. • Women students have volunteered to exhibit excel their skills in the fields of socio cultural activities. • The mixed battalion concept in NCC has also helped the girl students to show their might and mane at various camps both at the state and national level. • The College has now a good intake of girl students from the surrounding areas despite being a co-educational institution . • Parents prefer to admit their wards based on the fee structure, cultural heritage and safety norms practiced by the college. • The college has a highly proportionate ratio of Women staff. • Common Room for Women: Provisions have been made for girls to study and relax in their Room. Washroom: Separate washrooms for lady staff and women students are located at five different places in the college with ample supply of water, regular cleaning and up keep. • A separate section is reserved for girl students during the rush hours in the canteen. • Standard quality Sanitary Pad Vending Machine is easily accessible on the ground floor washroom for girls in case of emergency. ulletHealth Camp is organized for women students every year to determine their Blood Group, Haemoglobin, Blood Pressure and Intimate feminine problems. • The College has Anti-Ragging and Discipline Committees to look after the matters related to ragging and in maintaining discipline. Students in distress owing to ragging related incidents can contact these committees. Disciplining aspects are done to mold them. • College provides personal counselling for girls regarding their studies, health, family problem, defaulter attendance issues, relationship problems and any other distractions affecting their academic performance. • Women Cell organizes various expert lectures on women empowerment and development by experts in the field to make them aware of their privileges and duties. • POSH (Prevention of Sexual Harrassment) Sexual violence, harassment and discrimination is curbed at all levels and counselling is done. Security on every floor:-Security CCTV is present on every floor to take care of laboratories and classrooms, robbery and mishaps on the floor during college hours. Female faculty members are encouraged to accompany girl students during Industrial Visits to provide safety and security as well as provide a mentor. Women's Hostel is secured and guarded by separate Security Staff, CCTV and 3 Female faculty are deputed as wardens. Problems encountered: Women students take up part time jobs for a meager salary. Their rural background pushes them to get married. They find themselves to be with a satisfied with socio religious tenets to run the life. It is very difficult to convince the girls to attend the counselling sessions. Women students are taken away by the new found freedom and forget their safety compliances given by the college.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://sivet.in/wp-content/uploads/2020/02/7.2.1-TWO-BEST-PRACTICES-3.docx

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

7.3.1 Details of the performance of the institutions in one area distinctive to its visions, priority and thrust Education: For the down trodden sect and the Poor. The College caters to the educational needs of the poor and downtrodden sector for the past 53 years with very low fees. In the Current Educational Scenario, the College views Education as a service to mankind. The college collects a nominal fee based on merit and financial condition of the students in the self finance stream while it sticks to the government orders for the aided students. The College concentrates on discipline, spiritual nourishment and all round development of students. Most of the students come from the lower income group strata and hail from remote villages/ hinter lands. Off late the focus on employability is shifting its attention from academic content and skills toward the more generic and transferable things such as teamwork, communication skills, leadership, and setting priorities to their own and society's socio-economic well-being. The inter-generational cycles of poverty is broken by the college in giving higher education to especially women students by making the college a co educational institution since 1997. The college motif works across relevant areas which include education, health, youth, skills development, technology and women's economic empowerment. In short, is to form a full cycle of quality education with relevant knowledge and skills. Besides results the Stress for English communication skills development classes, Special English remedial classes and Mock Placement interviews are done. Free text book notebooks has been given to the students for the past 10 years. The staff even come forward to pay their tuition fees and exam fees. Meritorious students guide the slow learners and buddy system is evolved to look after all their aspects. Proctor system has helped the students to overcome their predicaments to an extent and face the society with confidence. The college works towards the supportive system for young women from the downtrodden sect in their transitions into adulthood and the labour market, and to fully participate in society Women students are taught with safety factors and provisional arrangement of food and shelter is given whenever needed. Subsidised food is given to the girl students in the womens hostel irrespective of the area from which they hail from. Nutrition programs and intimate feminine problems are given a stress through dietitians and medical therapists The success rate can be claimed in a manner that the college has been responsible to give higher education to the first generation learners and the veritable poor for the past 53 years in and around its precincts. Problems encountered might be trivial but the real effect on the poor is that they prefer part time jobs and small perks to be attractive. They prefer it over their educational degrees to which they are admitted. The net result of this temporary satisfied economy in them leads to frequent absenteeism. They fail to realise the essence of a dignified living with a good salary and education.

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

1. Alumni Association must be registered to get funding for various projects. 2. Student feedback (in the prescribed format) to be collected by the Heads of the Department on every subject handlers during the middle of the every semester. Filled in forms may be sent for scruitinization and suggestion to the Principal. A consolidated copy to be submitted in the IQAC. 3. Department progress review must be done by the Heads on a monthly basis and a separate copy to be submitted to the IQAC Cell. 4. Proctors system must be created. 5. All the Professors (irrespective of their Departments) must question the absence of the identity card of the students and their tidiness - as mentioned in the college calendar - inside the classes. 6. RD projects to be taken by the research Departments.
